

1 really know at this point, do we, what she means by "I've been
2 through hell"?

3 A. No, I don't. And I -- to be perfectly honest and on record,
4 I was not focusing in on what anyone was saying. My total
5 motive the whole time was to find out who made these phone
6 calls. I was very threatened by these phone calls. I was
7 trying to contain it. More than anything else, I was trying to
8 find out what this person was after.

9 Q. All right. Well, you had been on a -- I think a -- maybe a

11 A. Yes. I was coming back from a four-and-a-half hour trip.

12 Q. All right. And you were -- this first meeting is held on
13 the same day, a few hours after you've landed and received these
14 first two telephone messages.

15 A. I think it was when the -- it was within the hour of
16 landing.

17 Q. All right. So almost immediately after you've landed --

18 A. Right.

19 Q. -- and gotten these messages?

20 A. That is correct.

21 Q. Debi, can you go to the next page, page three of the
22 transcript.

23 This is February the 26th.

24 Yes, I've got it right here.

25 Do you see that line right there, Mr. Pitino?
